DETAILED ACTION

Allowable Subject Matter

Claims 1-5, 7-18 are allowed.

The following is an examiner's statement of reasons for allowance:

1. As to claim 1, the prior art of record, taken alone or in combination, fails to disclose or render obvious a device having the object being illuminated simultaneously by the two light sources, characterized in that the light serving for dark field illumination is pulsed, and in that the pulse intensity of the light serving for dark field illumination is at least one order of magnitude greater than the intensity of continuous light serving for bright field illumination.
2. As to claim 16, the prior art of record, taken alone or in combination, fails to disclose or render obvious a method, the object being illuminated simultaneously with a bright field light source for bright field illumination, on the one hand, and with a dark field light source for dark field illumination, on the other hand, ... characterized in that the light serving for dark field illumination is pulsed, the pulse intensity of the light serving for dark field illumination being at least one order of magnitude greater than the intensity of continuous light serving for bright field illumination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
